

## **PERSONNEL REPORT TO SESSION – JANUARY 2023**

Committee met on January 10, 2023.

\*\*\*There is ONE **action item for Session** – we recommend a 3% salary increase for all current employees except for Rev. Megan McCarty. We recommend a 3.5% salary increase for her.

The Committee is getting input from committees and other connected parties about ongoing leadership for Children’s and Youth programs. After gathering input, the Committee will make a decision in February about whether to continue with 2 separate “Director” positions or to consider other options. WE welcome any input from Session members.

We also discussed new communications and tech positions which seem to be going well and approved Nolan’s agreement/covenant from Jan-June 2023. Planning has begun on how to organize staff so that HPC is best served in the future. More information will be shared as those plans develop.
