

Stewardship Report

May 17th, 2023

We are just beginning to put our team together. We are hoping for five people to be on our committee. The pledge cards from this last pledging campaign only had one person volunteering to serve on the committee, me. So... I am actively inspiring a few other to join us in Stewardship.

I am happy to report Robyn Sekula has already volunteered to join our team and we have a few others out there who have promised to seriously consider it.

I believe this to be a pivotal year and I am looking forward to helping the congregation understand the importance of good Stewardship.

Active Projects

- putting together a spreadsheet with all the committee volunteer information from the back of the pledge cards. Hoping this will help committees who are looking to recruit members.
- Investigating better ways to utilize, for Stewardship, all the communication tools we have available (week at a glance, newsletter, website, etc.)

Respectfully Submitted,
Tim Daniel
